SOLAR
SOUNDBAR

What is

Solar soundbar tv system

- A Solar energy storage audio speaker, support DC12V/5V
- Li-ion battery built-in can service 5-7 years ages
- 25/65 watts solar panel 4-5 hours full charge
- 3-6 5521 DC 12V power for TV+FAN+LAMP
- 2 DC 5V charge phone
- 30-40 watts audio speaker sound effect
- Bluetooth /FM radio /U-disk mp3 /Aux /Microphone
- Portable design available for outdoor and indoor

INTRODUCTION

Solar TV

01

32 inch Led tv

11-12 watts

02

Lowest Power consumption

DC12V Power, only 11-12 watts power consumption

03

Wide Voltage protect

8-18V DC can working constantly

04

TV System

DVB-T2/S2 decoder built-in, also support ATV/ISDB-T/SMART TV

05

Experienced Protection

Anti-reverse / Anti-static / Anti-moisture / Anti-insect

06

Own barnd Own box

Need Moq 500 pcs
